Nancy Rodeno, vice president organizational effectiveness, The Sherwin-Williams Company, has announced her retirement. She writes:

Dear ICWW Members,

It seems a bit surrealistic to see it in writing ... but I got 2016 off with a bang by officially announcing my retirement, effective June 2016. I have loved every minute of my nearly twenty three years at Sherwin-Williams. It has been a great ride. Many of you know I have been working on the many activities surrounding SW's 150 anniversary celebration taking place throughout 2016. It has been a rewarding experience and a great way for me to wrap up my career and exit to the next exciting chapter in life! Wishing the best to each of you in 2016.

Warm regards to all,

Nancy Rodeno
